Per \$100 of assessed valuation.

When comparing Columbus to other second and third class cities, the **Columbus property tax rate is the fourth lowest** for the city portion of the tax rate and is the thrid lowest for the total taxing district rate.

The district rate includes the city portion plus all other taxing units including library, schools, county, township, welfare and solid waste district.

This data was collected by the Indiana Association of Cities and Towns.
Due to re-assessment delays, 2002 are the latest figures available at printing.
